Welcome

Thank you for choosing **Aetna**.

This is your booklet-certificate. It is one of three documents that together describe the benefits covered by your **Aetna** plan for dental coverage.

This booklet-certificate will tell you about your **covered benefits** – what they are and how you get them. If you become covered, this booklet-certificate becomes your certificate of coverage under the **group policy**, and it replaces all certificates describing similar coverage that we sent to you before. The second document is the schedule of benefits. It tells you how we share expenses for **eligible dental services** and tells you about limits – like when your plan covers only a certain number of visits.

The third document is the **group policy** between **Aetna Life Insurance Company** (“**Aetna**”) and the policyholder. Ask the policyholder if you have any questions about the **group policy**.

Sometimes, we may send you documents that are amendments, endorsements, attachments, inserts or riders. They change or add to the documents that they’re part of. When you receive these, they are considered part of your **Aetna** plan for coverage.

Where to next? Try the *Let’s get started!* section. *Let’s get started!* gives you a summary of how your plan works. The more you understand, the more you can get out of your plan.

Welcome to your **Aetna** plan.

Schedule of benefits

Issued with your booklet-certificate

Let's get started!

Here are some basics. First things first – some notes on how we use words. Then we explain how your plan works so you can get the most out of your coverage. But for all the details – and this is very important – you need to read this entire booklet-certificate and the schedule of benefits. And if you need help or more information, we tell you how to reach us.

Some notes on how we use words in the booklet-certificate and schedule of benefits

- When we say “you” and “your”, we mean you and any covered dependents
- When we say “us”, “we”, and “our”, we mean **Aetna**
- Some words appear in **bold** type and we define them in the *Glossary* section

Sometimes we use technical dental language that is familiar to **dental providers**.

What your plan does – providing covered benefits

Your plan provides **covered benefits**. These are **eligible dental services** for which your plan has the obligation to pay.

How your plan works – starting and stopping coverage

Your coverage under the plan has a start and an end. You start coverage after the eligibility and enrollment process is completed. To learn more see the *Who the plan covers* section.

You can lose coverage for many reasons. To learn more see the *When coverage ends* section.

Ending coverage under the plan doesn't necessarily mean you lose coverage with us. See the *Special coverage options after your plan coverage ends* section.

How your plan works while you are covered

Your coverage helps you get and pay for **eligible dental services**.

Important note:

See the schedule of benefits for any **deductibles**, **coinsurance**, and maximum age or visit limits that may apply.

Eligible dental services

Eligible dental services meet these requirements:

- They are listed in the *Eligible dental services* section in the schedule of benefits.
- They are not carved out in these sections:
 - *What are your eligible dental services?*
 - *What rules and limits apply to dental care?*
 - *What your plan doesn't cover – exclusions* sections. We refer to this section as “Exclusions”.
- They are not beyond any limits in the *What rules and limits apply to dental care?* section and the schedule of benefits.

Dental providers

You may choose any **dental provider** for the care you need. For more information about the role of your **dental provider**, see the *Who provides the care* section.

Paying for dental services– the general requirement

The general requirement for the plan to pay any part of the expense for an **eligible dental service** is that the **dental service** is **medically necessary**.

You will find details on **medical necessity** requirements in the *Medical necessity requirements* section.

Paying for eligible dental services– sharing the expense

Generally your plan and you will share the expense of your **eligible dental services** when you meet the general requirements for paying.

But sometimes your plan will pay the entire expense; and sometimes you will. For more information see the *What the plan pays and what you pay* section and see the schedule of benefits.

- Who can be on your plan (who can be your dependent)
- Adding new dependents
- Special times you and your dependents can join the plan

The policyholder decides and tells us who is eligible for dental care coverage.

- At the end of any waiting period the policyholder requires
- At any time
- Once each **Calendar Year** during the annual enrollment period
- At other special times during the year (see the *Special times you and your dependents can join the plan* section below)

If you don't enroll yourself and your dependents when you first qualify for dental benefits, you may have to wait until the next annual enrollment period to join.

Who can be on your plan (who can be your dependent)

You can enroll the following family members on your plan. (They are referred to in this booklet-certificate as your "dependents".)

- Your legal spouse
- Your civil union partner who meets the requirements under state law
- Your domestic partner who meets the requirements under state law
- Your dependent children – yours or your spouse's or partner's
 - Dependent children must be:
 - Under age 26
 - Dependent children include:
 - Natural children
 - Stepchildren
 - Adopted children including those placed with you for adoption
 - Foster children
 - Children you are responsible for under a qualified medical support order or court-order
 - Grandchildren in your legal custody

You may continue coverage for a disabled child past the age limit shown above. See the *Continuation of coverage for other reasons* in the *Special coverage options after your plan coverage ends* section for more information.

 - No later than the first day of the first calendar month after the date we receive your completed enrollment information, and
 - Within 31 days of the date of your marriage.
- A civil union partner - If you enter a civil union, you can put your civil union partner on your plan.
 - We must receive your completed enrollment information not more than 31 days after the date of your civil union.

 - No later than the first day of the first calendar month after the date we receive your completed enrollment information; and
 - Within 31 days of the date of your civil union.
- A domestic partner - If you enter a domestic partnership, you can enroll your domestic partner on your dental plan.
 - We must receive your completed enrollment information not more than 31 days after the date you file a Declaration of Domestic Partnership.
 - Ask the policyholder when benefits for your domestic partner will begin. It will be:

 - Within 31 days of the date your Declaration of Domestic Partnership is filed.
- A newborn child - Your newborn child is covered on your dental plan for the first 31 days after birth.
 - To keep your newborn covered, we must receive your completed enrollment information within 31 days of birth.
 - You must still enroll the child within 31 days of birth even when coverage does not require payment of an additional **premium** contribution for the covered dependent.
 - If you miss this deadline, your newborn will not have dental benefits after the first 31 days.
- An adopted child - A child that you, or that you and your spouse, civil union partner or domestic partner adopts is covered on your plan for the first 31 days after the adoption is complete or the date the child is placed for adoption. “Placed for adoption” means the assumption and retention of a legal obligation for total or partial support of a child in anticipation of adoption of the child.
 - To keep your adopted child covered, we must receive your completed enrollment information within 31 days after the adoption or the date the child was placed for adoption.
 - If you miss this deadline, your adopted child will not have dental benefits after the first 31 days.
- A stepchild - You may put a child of your spouse, civil union partner or domestic partner on your plan.
 - You must complete your enrollment information and send it to us within 31 days after the date of your marriage, civil union partnership or your Declaration of Domestic Partnership with your stepchild’s parent.

Inform us of any changes

It is important that you inform us of any changes that might affect your benefit status. This will help us effectively deliver your benefits. Please contact us as soon as possible with changes such as:

- Change of address or phone number
- Change in marital status
- Change of covered dependent status
- A covered dependent who enrolls in any other group dental plan

Late entrant rule

The plan does not cover services and supplies given to a person age 5 or older if that person did not enroll in the plan during one of the following:

- The first 31 days the person is eligible for this coverage
- Any period of open enrollment agreed to by the policyholder and us

This does not apply to charges incurred for any of the following:

- After the person has been covered by the plan for 12 months
- As a result of **injuries** sustained while covered by the plan
- Diagnostic and preventive services such as exams, cleanings, fluoride, and images (orthodontia related services are not included)

Special times you and your dependents can join the plan

You can enroll in these situations:

- When you did not enroll in this plan before because:
 - You were covered by another group dental plan, and now that other coverage has ended
 - You had COBRA, and now that coverage has ended
- You have added a dependent because of marriage, birth, adoption or foster care. See the *Adding new dependents* section for more information
- When a court orders that you cover a current spouse, civil union partner, domestic partner, or a minor child on your dental plan

We must receive your completed enrollment information from you within 31 days of that date on which you no longer have the other coverage mentioned above.

Effective date of coverage

Your coverage will be in effect as of the date you become eligible for dental benefits.

Medical necessity requirements

The starting point for **covered benefits** under your plan is whether the services and supplies are **eligible dental services** and **medically necessary**. See the *Eligible dental services* and *Exclusions* sections plus the schedule of benefits.

This section addresses the **medical necessity** requirements.

Medically necessary/medical necessity

As we said in the *Let's get started!* section, **medical necessity** is a requirement for you to receive a **covered benefit** under this plan.

The **medical necessity** requirements are in the *Glossary* section, where we define "**medically necessary, medical necessity**".

What are your eligible dental services?

The information in this section is the first step to understanding your plan's **eligible dental services**. If you have questions about this section, see the *How to contact us for help* section.

Your plan covers many kinds of dental care services and supplies. But some are not covered at all or are covered only up to a limit.

You can find out about exceptions and exclusions in the:

- *Dental provider services* benefit below
- *What rules and limits apply to dental care?* section
- *Exclusions* section

Your dental plan

We explain how your dental plan works in the *Let's get started* section.

Schedule of benefits

Eligible dental services include dental services and supplies provided by a **dental provider**. Your schedule of benefits includes a detailed list of **eligible dental services** under your dental plan (including any maximums and limits that apply to them).

Dental provider services

You can get **eligible dental services**:

- At the **dental provider's** office
- By way of **teledentistry**

Important note:

Eligible dental services for **teledentistry** are paid based upon the cost share features that apply to the type of **eligible dental service** that you get. See your schedule of benefits for details.

The following are not **eligible dental services** under your plan except as described in the *What rules and limits apply to dental care?* section of this booklet-certificate, the schedule of benefits, or a rider or amendment issued to you for use with this booklet-certificate:

- Acupuncture, acupressure and acupuncture therapy
- Crown, inlays and onlays, and veneers unless for one of the following:
 - It is treatment for decay or traumatic **injury** and teeth cannot be restored with a filling material
 - The tooth is an abutment to a covered partial denture or fixed bridge.
- Dental implants, false teeth, prosthetic restoration of dental implants, plates, dentures, braces, mouth guards, and other devices to protect, replace or reposition teeth and removal of implants
- Dental services and supplies made with high noble metals (gold or titanium) except as covered in the schedule of benefits
- Dentures, crowns, inlays, onlays, bridges, or other prosthetic appliances or services used for the purpose of splinting, to alter vertical dimension, to restore occlusion, or correcting attrition, abrasion, or erosion
- General anesthesia and intravenous sedation, unless specifically covered and done at the same time as and for the same reason as another **eligible dental service**
- Instruction for diet, tobacco counseling and oral hygiene
- **Orthodontic treatment** except as covered in the schedule of benefits
- Prefabricated porcelain/ceramic crown – permanent tooth
- Services and supplies directly related to treatment or care that is not covered under the plan, (meaning the service or supply is only provided because the noncovered service or supply is provided)
- Replacement of a device or appliance that is lost, missing or stolen, and for the replacement of appliances that have been damaged due to abuse, misuse or neglect and for an extra set of dentures
- Replacement of teeth beyond the normal complement of 32
- Services and supplies provided where there is no evidence of pathology, dysfunction or disease, other than covered preventive services
- Space maintainers except when needed to preserve space resulting from the premature loss of deciduous teeth
- Surgical removal of impacted wisdom teeth when removed only for orthodontic reasons
- **Temporomandibular joint dysfunction/disorder (TMJ)**

Dental emergency services

Eligible dental services include **dental emergency services** provided for a **dental emergency**. The care provided must be a **covered benefit**.

If you have a **dental emergency**, you should consider using your **dental provider** who may be more familiar with your dental needs. However, you can get treatment from any **dentist**. If you need help in finding one, just call us.

What rules and limits apply to dental care?

Several rules apply to the dental benefits. Following these rules will help you use your plan to your advantage by avoiding expenses that are not covered by your plan.

Alternate treatment rule

Sometimes there are several ways to treat a dental problem, all of which provide acceptable results.

If a charge is made for a non-eligible dental service but an **eligible dental service** would have provided acceptable results, then your plan will pay a benefit for the **eligible dental service**.

If a charge is made for an **eligible dental service** but a different **eligible dental service** would have provided acceptable results and is less expensive, then your plan will pay a benefit based upon the least expensive **eligible dental service**.

You should review the differences in the cost of alternate treatment with your **dental provider**. Of course, you and your **dental provider** can still choose the more costly treatment method. You are responsible for any charges in excess of what your plan will cover.

Coverage for dental work begun before you are covered by the plan

Your plan does not cover dental work that began before you were covered by the plan. This means that the following dental work is not covered:

- An appliance, or modification of an appliance, if an impression for it was made before you were covered by the plan
- A crown, bridge, or cast or processed restoration, if a tooth was prepared for it before you were covered by the plan
- Root canal therapy, if the pulp chamber for it was opened before you were covered by the plan

Reimbursement policies

We reserve the right to apply our reimbursement policies to all services including involuntary services. Those policies may affect the **recognized charge**. These policies consider:

- The duration and complexity of a service
- When multiple procedures are billed at the same time, whether additional overhead is required
- Whether an assistant surgeon is necessary for the service
- If follow up care is included
- Whether other characteristics modify or make a particular service unique
- When a charge includes more than one claim line, whether any services described by a claim line are part of, or incidental to, the primary service provided
- The educational level, licensure or length of training of the **provider**

Aetna reimbursement policies are based on our review of:

- Generally accepted standards of dental practice
- The views of **providers** and **dentists** practicing in the relevant clinical areas

Replacement rule

Some **eligible dental services** are subject to your plan's replacement rule. The replacement rule applies to replacements of, or additions to existing:

- Crowns
- Inlays
- Onlays
- Implants
- Veneers
- Complete dentures
- Removable partial dentures
- Fixed partial dentures (bridges)
- Other prosthetic services

These **eligible dental services** are covered only when you give us proof that:

- While you were covered by the plan:
 - You had a tooth (or teeth) extracted after the existing denture, bridge or other prosthetic item was installed.
 - As a result, you need to replace or add teeth to your denture, bridge or other prosthetic item and:
 - The tooth that was removed was not an abutment to a removable or fixed partial denture, bridge or other prosthetic item installed during the prior 8 years.
 - Your present denture is an immediate temporary one that replaces that tooth (or teeth). A permanent denture is needed and the temporary denture cannot be used as a permanent denture. Replacement must occur within 12 months from the date that the temporary denture was installed.
- The present item cannot be made serviceable, and is:
 - A crown installed at least 8 years before its replacement.
 - An inlay, onlay, veneer, complete denture, removable partial denture, fixed partial denture (bridge), implant, or other prosthetic item installed at least 8 years before its replacement.

Tooth missing but not replaced rule

The first installation of complete dentures, removable partial dentures, fixed partial dentures (bridges), and other prosthetic services will be covered if:

- The dentures, bridges or other prosthetic items are needed to replace one or more natural teeth that were removed while you were covered by the plan. (The extraction of a third molar tooth does not qualify.)
- The tooth that was removed was not an abutment to a removable or fixed partial denture, bridge or other prosthetic item installed during the prior 8 years.

Any such appliance, prosthetic item or fixed bridge must include the replacement of an extracted tooth or teeth.

What your plan doesn't cover –exclusions

We already told you about the many dental care services and supplies that are eligible for coverage under your plan in the *What are your eligible dental services?* section. In that section we also told you that some dental care services and supplies have exceptions and some are not covered at all (exclusions).

In this section we tell you about the exclusions that apply to your plan.

And just a reminder, you'll find benefit and coverage limitations in the schedule of benefits.

Exclusions

The following are not **eligible dental services** under your plan except as described in:

- The *What are your eligible dental services?* section
- The *What rules and limits apply to dental care?* section
- The schedule of benefits
- A rider or amendment issued to you for use with this booklet-certificate

Teledentistry

- Services given when you are not present at the same time as the **dental provider**, (services must be provided as part of a live 2-way real-time encounter)

Who provides the care

Just as the starting point for coverage under your plan is whether the services and supplies are **eligible dental services**, the foundation for getting covered care is the **dental provider**. This section tells you about **dental providers**.

Providers

When you need dental care, you can go to any **dental provider** to provide **eligible dental services** to you.

You will have to pay for services at the time that they are provided. You will be required to pay the full charges and submit a claim for reimbursement to us. You are responsible for completing and submitting claim forms for reimbursement of **eligible dental services** that you paid directly to a **dental provider**.

What the plan pays and what you pay

Who pays for your **eligible dental services** – this plan, both you and this plan, or just you? That depends. This section gives the general rule and explains these key terms:

- Your **deductible**
- Your **coinsurance**
- Your maximums

We also remind you that sometimes you will be responsible for paying the entire bill – for example, if you get care that is not an **eligible dental service**.

The general rule

When you get **eligible dental services**:

- You pay your **deductible**

And then

- The schedule of benefits lists how much you pay and your plan pays. The **coinsurance** percentage may vary by the type of expense.

And then

- You are responsible for any amounts above the **Calendar Year** and **lifetime maximums**.

When we say “expense” in this general rule, we mean the **recognized charge**. See the *Glossary* section for what this term means.

Important note – when you pay all

You pay the entire expense for an **eligible dental service** when you get a dental care service or supply that is not **medically necessary**. See the *Medical necessity requirements* section.

The **dental provider** may require you to pay the entire charge. And any amount you pay will not count towards your **deductible** or towards your **Calendar Year** and **lifetime maximums**.

Special financial responsibility

You are responsible for the entire expense of:

- Cancelled or missed appointments

Neither you nor we are responsible for:

- Charges for which you have no legal obligation to pay
- Charges that would not be made if you did not have coverage

Where your schedule of benefits fits in

This section explains some of the terms you will find in your schedule of benefits.

How your deductible works

Your **deductible** is the amount you need to pay for **eligible dental services** per **Calendar Year** before your plan begins to pay for **eligible dental services**. Your schedule of benefits shows the **deductible** amounts for your plan.

How your coinsurance works

Your **coinsurance** is the amount you pay for **eligible dental services** after you have paid your **deductible**. The schedule of benefits shows the **coinsurance** this plan will pay for specific **eligible dental services**. You are responsible for paying any remaining **coinsurance**.

How your Calendar Year maximum works

This is the most that this plan will pay, after you have paid any applicable **deductible**, for charges that you incur for **eligible dental services** in a **Calendar Year**. You are responsible for any amounts above the maximum.

Important note:

See the schedule of benefits for any **deductibles, coinsurance, maximum and maximum age, visit limits, and other limitations** that may apply.

When you disagree - claim decisions and appeals procedures

In the previous section, we explained how you and we share responsibility for paying for your **eligible dental services**.

When a claim comes in, we review it, make a decision and tell you how you and we will split the expense. We also explain what you can do if you think we got it wrong.

Claim procedures

You or your **dental provider** are required to send us a claim in writing. You can request a claim form from us. We will review that claim for payment to the **provider** or to you as appropriate.

The table below explains the claim procedures as follows:

Notice	Requirement	Deadline
Submit a claim	<ul style="list-style-type: none">• You should get a claim form from our self-service website or call us• The claim form will provide instructions on how to complete and where to send the forms	<ul style="list-style-type: none">• You must send us (or our agent) notice within 20 days of the loss or as soon as reasonably possible. We will send you a claim form within 15 days of our receipt of your request.• If you are unable to complete a claim form, you may send us:<ul style="list-style-type: none">– A description of services– Bill of charges– Any dental documentation you received from your dental provider

<p>Proof of loss (claim)</p> <p>When you have received a service from an eligible dental provider, you will be charged.</p> <p>The information you receive for that service is your proof of loss.</p>	<ul style="list-style-type: none"> • A completed claim form and any additional information required by us 	<ul style="list-style-type: none"> • You must send us proof of loss within 90 days
	<ul style="list-style-type: none"> • Written proof must be provided for all benefits • If we challenge any portion of a claim, the unchallenged portion of the claim will be paid promptly after the receipt of proof of loss. 	<ul style="list-style-type: none"> • Benefits will be paid as soon as the necessary proof to support the claim is received, but in no event longer than 30 days after the proof is received.

If, through no fault of your own, you are not able to meet the deadline for filing a claim, your claim will still be accepted if it is filed as soon as possible. Unless you are legally incapacitated, late claims will not be covered if they are filed more than 24 months after the deadline.

Communicating our claim decisions

The amount of time that we have to tell you about our decision on a claim is shown below.

Post-service claim

A post service claim is a claim that involves dental care services you have already received.

Type of notice	Post-service claim
Initial decision by us	30 working days
Extensions	15 working days
If we request more information	30 working days
Time you have to send us additional information	45 working days

If we do not pay:

- A complete claim (after any missing or requested information necessary to process it is received by us)
- The portion of a claim that is neither contested nor denied

within 30 working days of receipt, we will pay interest at the rate of 10% per year beginning with the first calendar day after the 30 day working period.

Adverse benefit determinations

We pay many **provider** claims at the **recognized charge** except for your share of the costs. But sometimes we pay only some of the claim. And sometimes we don't pay at all. Any time we don't pay even part of the claim, that is called an "adverse benefit determination" or "adverse decision".

If we make an adverse benefit determination, we will tell you in writing.

The difference between a complaint and an appeal

A complaint

You may not be happy about a **dental provider** or an operational issue, and you may want to complain. You can call or write us. Your complaint should include a description of the issue. You should include copies of any records or documents that you think are important. We will review the information and provide you with a written response within 30 calendar days of receiving the complaint. We will let you know if we need more information to make a decision.

You may also complain directly to the California Department of Insurance. You can contact them by:

- Calling them at 1-800-927-HELP (4357); TDD: 1-800-482-4TDD (4833)
- Writing them at California Department of Insurance, Consumer Services Division, 300 Spring Street, South Tower, Los Angeles, CA 90013

An appeal

You can ask us to review an adverse benefit determination. This is called an appeal. You can appeal by calling us.

Appeals of adverse benefit determinations

You can appeal our adverse benefit determination. We will assign your appeal to someone who was not involved in making the original decision. You must file an appeal within 180 calendar days from the time you receive the notice of an adverse benefit determination.

You can appeal by sending a written appeal to the address on the notice of adverse benefit determination or by calling us. You need to include:

- Your name
- The policyholder's name
- A copy of the adverse benefit determination
- Your reasons for making the appeal
- Any other information you would like us to consider

Another person may submit an appeal for you, including a **provider**. That person is called an authorized representative. You need to tell us if you choose to have someone else appeal for you (even if it is your **provider**). You should fill out an authorized representative form telling us that you are allowing someone to appeal for you. You can get this form on our website or by contacting us. The form will tell you where to send it to us. You can use an authorized representative at any level of appeal.

You can appeal each adverse benefit determination two times under this plan. If you appeal a second time you must present your appeal within 60 calendar days from the date you receive the notice of the first appeal decision.

Urgent claim appeals

If you have an urgent claim your dental **provider** may appeal for you without having to fill out a form.

We will provide you with any new or additional information that we used or that was developed by us to review your claim. We will provide this information at no cost to you before we give you a decision at your last available level of appeal. This decision is called the final adverse benefit determination. You can respond to this information before we tell you what our final decision is.

Timeframes for deciding appeals

The amount of time that we have to tell you about our decision on an appeal claim depends on the type of claim. The chart below shows a timetable view of the different types of claims and how much time we have to tell you about our decision.

Type of notice	Post-service appeal	Urgent Claim
Initial decision by us	30 days	36 hours
Extensions	15 days	None
If we request more information	30 days	
Time you have to send us additional information	45 days	

Exhaustion of appeals process

You must complete the shorter of:

- One level of appeal process with us, or
- 30 days of the complaint process (or 3 days in the event of a complaint that requires expedited review)

Before you can take these actions:

- Contact the California Department of Insurance to request an investigation of a complaint or appeal.
- File a complaint or appeal with the California Department of Insurance.
- Request an independent medical review from the California Department of Insurance.
- Pursue arbitration, litigation or other type of administrative proceeding.

Independent medical review managed by the California Department of Insurance

Independent medical review (IMR) is a review done by people in an organization outside of **Aetna**. This is called an independent review organization (IRO).

You have a right to request an independent medical review from the California Department of Insurance only if you received an adverse benefit determination and:

- We decided the service or supply is not **medically necessary** or not appropriate, (disputed health care service).
- We decided the service or supply is **experimental or investigational**.

If our claim decision is one for which you can seek an independent medical review, we will say that in the notice of adverse benefit determination or final adverse benefit determination we send you. That notice also will include the independent medical review form application at the final adverse determination level. You should complete the form and send it to the California Department of Insurance. The Department will review your request and determine if you are eligible for an independent medical review.

You must submit the Request for an Independent Medical Review form:

- To the California Department of Insurance:
Consumer Services Division
300 Spring Street
South Tower
Los Angeles, CA 90013
- Within 6 months of the date you received the decision from us (or longer if the Department determines the circumstances of the case permit an extension)
- And you must include a copy of the notice from us and all other important information that supports your request

You may request assistance from the California Department of Insurance at:

1-800-927-HELP (4357)
TDD: 1-800-482-4TDD (4833)
www.insurance.ca.gov

You can also request an IMR online by accessing California's website: <https://www.insurance.ca.gov/01-consumers/110-health/60-resources/01-imr/index.cfm>.

You will pay for any information that you send and want reviewed by the IRO. We will pay for information we send to the IRO plus the cost of the review.

The California Department of Insurance will contact the IRO that will conduct the review of your claim.

The IRO will:

- Assign the appeal to one or more independent clinical reviewers that have the proper expertise to do the review
- Consider appropriate credible information that you sent
- Follow our contractual documents and your plan of benefits

Once the review is complete, we will abide by the decision of the independent reviewer.

How long will it take to get an IRO decision?

The California Department of Insurance will send you and us notice of its decision within 30 days of its receipt of your completed Notice of External Review Form with all the information you need to send in.

But sometimes you can get a faster IRO decision within 3 days. Your **provider** must certify that a delay in your receiving dental care services would jeopardize your health.

The Department may extend these timeframes for up to an additional 3 days in extraordinary circumstances or for good cause.

Recordkeeping

We will keep the records of all complaints and appeals for at least 10 years.

Expenses

We do not pay any expenses incurred by you when you submit a complaint or appeal.

Coordination of benefits

Some people have dental coverage under more than one plan. If you do, we will work together with your other plans to decide how much each plan pays. This is called coordination of benefits (COB).

Key terms

Here are some key terms we use in this section. These terms will help you understand this COB section.

Allowable expense means:

- A dental care expense that any of your dental plans cover to any degree. If the dental care service is not covered by any of the plans, it is not an allowable expense. For example, **cosmetic** surgery generally is not an allowable expense under this plan.

In this section we talk about other “plans” which are those plans where you may have other coverage for dental care expenses, such as:

- Group or non-group, blanket, or franchise health insurance policies issued by insurers, HMOs, or health care service contractors
- Labor-management trustee plans, labor organization plans, policyholder organization plans, or employee benefit organization plans
- An automobile insurance policy
- Governmental benefits
- Any contract that you can obtain or maintain only because of membership in or connection with a particular organization or group

Here’s how COB works

- The primary plan pays first. When this is the primary plan, we will pay your claims first as if the other plan does not exist.
- The secondary plan pays after the primary plan. When this is the secondary plan, we will pay benefits after the primary plan and will reduce the payment based on any amount the primary plan paid.
- We will never pay an amount that, when combined with payments from your other coverage, add up to more than 100% of the allowable expenses.

Determining who pays

Reading from top to bottom the first rule that applies will determine which plan is primary and which is secondary.

A plan that does not contain a COB provision is always the primary plan.

If you are:	Primary plan	Secondary plan
Covered under the plan as an employee, retired employee or dependent	The plan covering you as an employee or retired employee	The plan covering you as a dependent

COB rules for dependent children		
Child of: <ul style="list-style-type: none"> Parents who are married or living together 	The “birthday rule” applies The plan of the parent whose birthday* (month and day only) falls earlier in the Calendar Year *Same birthdays--the plan that has covered a parent longer is primary	The plan of the parent born later in the year (month and day only)* *Same birthdays--the plan that has covered a parent longer is primary
Child of: <ul style="list-style-type: none"> Parents separated or divorced or not living together With court-order 	The plan of the parent whom the court said is responsible for dental coverage But if that parent has no coverage then their spouse’s plan is primary	The plan of the other parent But if that parent has no coverage, then their spouse’s plan is primary
Child of: <ul style="list-style-type: none"> Parents separated or divorced or not living together – court-order states both parents are responsible for coverage or have joint custody 	Primary and secondary coverage is based on the birthday rule	
Child of: <ul style="list-style-type: none"> Parents separated or divorced or not living together and there is no court-order 	The order of benefit payments is: <ul style="list-style-type: none"> The plan of the custodial parent pays first The plan of the spouse of the custodial parent (if any) pays second The plan of the noncustodial parents pays next The plan of the spouse of the noncustodial parent (if any) pays last 	
<ul style="list-style-type: none"> Child covered by: Individual who is not a parent (i.e. stepparent or grandparent) 	Treat the person the same as a parent when making the order of benefits determination: See <i>Child of</i> content above	
Active or inactive employee	The plan covering you as an active employee (or as a dependent of an active employee) is primary to a plan covering you as a laid off or retired employee (or as a dependent of a former employee)	A plan that covers the person as a laid off or retired employee (or as a dependent of a former employee) is secondary to a plan that covers the person as an active employee (or as a dependent of an active employee)

COBRA or state continuation	The plan covering you as an employee or retiree or the dependent of an employee or retiree is primary to COBRA or state continuation coverage	COBRA or state continuation coverage is secondary to the plan that covers the person as an employee or retiree or the dependent of an employee or retiree
Longer or shorter length of coverage	If none of the above rules determine the order of payment, the plan that has covered the person longer is primary	
Other rules do not apply	If none of the above rules apply, the plans share expenses equally	

How are benefits paid?	
Primary plan	The primary plan pays your claims as if there is no other dental plan involved
Secondary plan	The secondary plan calculates payment as if the primary plan did not exist, and then applies that amount to any allowable expenses under the secondary plan that were not covered by the primary plan. The secondary plan will reduce payments so the total payments do not exceed 100% of the total allowable expense
Benefit reserve each family member has a separate benefit reserve for each Calendar Year	The benefit reserve: <ul style="list-style-type: none"> • Is made up of the amount that the secondary plan saved due to COB • Is used to cover any unpaid allowable expenses • Balance is erased at the end of each year

Other dental coverage updates – contact information

You should contact us if you have any changes to your other coverage. We want to be sure our records are accurate so your claims are processed correctly.

Right to receive and release needed information

We have the right to release or obtain any information we need for COB purposes. That includes information we need to recover any payments from your other dental plans.

Right of recovery

If we pay more than we should have under the COB rules, we may recover the excess from:

- Any person we paid or for whom we paid
- Any other plan that is responsible under these COB rules

Notification of when your employment ends

It is the policyholder's responsibility to let us know when your employment ends. The limits above may be extended only if we and the policyholder agree in writing to extend them.

When will coverage end for any dependents?

Coverage for your dependent will end if:

- Your dependent is no longer eligible for coverage
- The **group policy** ends
- You do not make the required **premium** contribution toward the cost of dependents' coverage
- Your coverage ends for any of the reasons listed above

Your dependents coverage will end on the earlier of the date the **group policy** terminates or as defined by the policyholder.

What happens to your dependents if you die?

Coverage for dependents may continue for some time after your death. See the *Special coverage options after your plan coverage ends* section for more information.

When will we end your coverage due to fraud or intentional misrepresentation of a material fact?

We will give you 30 days advance written notice before we end your coverage because you commit fraud or intentionally misrepresented a material fact when you applied for or obtained coverage. You can refer to the *General provisions – other things you should know* section for more information on loss of coverage.

On the date your coverage ends, we will refund to the policyholder any prepayments for periods after the date your coverage ended.

Special coverage options after your plan coverage ends

This section explains options you may have after your coverage ends under this plan. Your individual situation will determine what options you will have.

Consolidated Omnibus Budget Reconciliation Act (COBRA)

What are your COBRA rights?

COBRA gives some people the right to keep their dental coverage for 18, 29 or 36 months after a “qualifying event”. COBRA usually applies to policyholders of group sizes of 20 or more.

Here are the qualifying events that trigger COBRA continuation, who is eligible for continuation and how long coverage can be continued.

Qualifying event causing loss of coverage	Covered persons eligible for continued coverage	Length of continued coverage (starts from the day you lose current coverage)
Your active employment ends for reasons other than gross misconduct	You and your dependents	18 months
Your working hours are reduced	You and your dependents	18 months
You divorce or legally separate and are no longer responsible for dependent coverage	Your dependents	36 months
Your covered dependent children no longer qualify as dependent under the plan	Your dependent children	36 months
You die	Your dependents	36 months
You are a retiree eligible for retiree dental coverage and your former policyholder files for bankruptcy	You and your dependents	18 months

When do I receive COBRA information?

The chart below lists who is responsible for giving the notice, the type of notice they are required to give and the timing.

How can you extend the length of your COBRA coverage?

The chart below shows qualifying events after the start of COBRA (second qualifying events):

Qualifying event	Person affected (qualifying beneficiary)	Total length of continued coverage
Disabled within the first 60 days of COBRA coverage (as determined by the Social Security Administration)	You and your dependents	29 months (18 months plus an additional 11 months)
<ul style="list-style-type: none">You dieYou divorce or legally separate and are no longer responsible for dependent coverageYour covered dependent children no longer qualify as dependent under the plan	You and your dependents	Up to 36 months

How do you enroll in COBRA?

You enroll by sending in an application and paying the **premium**. Your policyholder has 30 days to send you a COBRA election notice. It will tell you how to enroll and how much it will cost. You can take 60 days from the qualifying event to decide if you want to enroll. You need to send your application and pay the **premium**. If this is completed on time, you have enrolled in COBRA.

When is your first premium payment due?

Your first **premium** payment must be made within 45 days after the date of the COBRA election.

How much will COBRA coverage cost?

For most COBRA qualifying events you and your dependents will pay 102% of the total plan costs. This additional 2% covers administrative fees. If you apply for COBRA because of a disability, the total due will be 150% of the plan costs.

Can you add a dependent to your COBRA coverage?

You may add a new dependent during a period of COBRA coverage. They can be added for the rest of the COBRA coverage period if:

- They meet the definition of an eligible dependent
- You notified your policyholder within 31 days of their eligibility
- You pay the additional required **premiums**

When does COBRA coverage end?

COBRA coverage ends if:

- Coverage has continued for the maximum period
- The plan ends. If the plan is replaced, you may be continued under the new plan
- You and your dependents fail to make the necessary payments on time
- You or a covered dependent become covered under another group dental plan
- You or your dependents are continuing coverage during the 19th to 29th months of a disability, and the disability ends

Continuation of coverage for other reasons

What exceptions are there for dental work when coverage ends?

Your dental coverage may end while you or your covered dependent are in the middle of treatment. The plan does not cover dental services that are given after your coverage terminates. There is an exception. The plan will cover the following services if they are ordered while you were covered by the plan, and installed within 30 days after your coverage ends:

- Inlays
- Onlays
- Crowns
- Removable bridges
- Cast or processed restorations
- Dentures
- Fixed partial dentures (bridges)
- Root canals

Ordered means:

- For a denture: The impressions from which the denture will be made were taken
- For a root canal: The pulp chamber was opened
- For any other item: The teeth which will serve as retainers or supports, or the teeth which are being restored:
 - Must have been fully prepared to receive the item
 - Impressions have been taken from which the item will be prepared

How can you extend coverage for your disabled child beyond the plan age limits?

You have the right to extend dental coverage for your dependent child beyond the plan age limits. If your disabled child:

- Is not able to be self-supporting because of mental or physical disability
- Depends mainly (more than 50% of income) on you for support

We will notify you 90 days before your dependent child coverage ends due to the plan age limits. You must send us within 60 days of our notice a request for us to extend coverage. Coverage will continue for the child while we determine if the child is disabled.

We may ask you to send us proof of the disability. Before we extend coverage, we may ask that your child get a physical exam. We will pay for that exam.

The right to coverage will continue only as long as a **physician** certifies that your child still is disabled.

We may ask you to send proof that your child is disabled after coverage is extended. We won't ask for this proof more than once a year after 2 years from the date you first send us proof. You must send it to us within 60 days of our request. If you don't, we can terminate coverage for your dependent child.

Your disabled child's coverage will end on the earlier of:

- The date the child is no longer disabled and dependent upon you for support
- As explained in the *When will coverage end for any dependents* section

General provisions – other things you should know

Administrative provisions

How this booklet-certificate will be interpreted

We prepared this booklet-certificate according to ERISA, and according to other federal and state laws that apply. This booklet-certificate will be interpreted according to these laws.

How we administer this plan

We apply policies and procedures to administer this plan.

Who's responsible to you

We are responsible to you for what our employees and other agents do.

We are not responsible for what is done by your **providers**. They are not our employees or agents.

Coverage and services

Your coverage can change

Your coverage is defined by the **group policy**. This document may have amendments and riders too. Under certain circumstances, we or the policyholder or the law may change your plan. When an emergency or epidemic is declared, we may modify or waive requirements under the plan or your cost share if you are affected. Only we may waive a requirement of your plan. No other person, including the policyholder or **provider**, can do this.

Financial sanctions exclusions

If coverage provided under this booklet-certificate violates or will violate any economic or trade sanctions, the coverage will be invalid immediately. For example, we cannot pay for **eligible dental services** if it violates a financial sanction regulation. This includes sanctions related to a person or a country under sanction by the United States, unless it is allowed under a written license from the Office of Foreign Assets Control (OFAC). You can find out more by visiting <http://www.treasury.gov/resource-center/sanctions/Pages/default.aspx>.

Legal action

You cannot take any action at law or in equity until 60 days after we receive written proof of loss.

No legal action can be brought to recover payment under any benefit after 3 years from the time written proof of loss is required.

Physical examinations and evaluations

At our expense, we have the right to have a **provider** of our choice examine you. This will be done at all reasonable times while a claim for benefits is pending or under review.

Records of expenses

You should keep complete records of your expenses. They may be needed for a claim.

Things that would be important to keep are:

- Names of **dental providers, dentists** and other **providers** who provide services
- Dates expenses are incurred
- Copies of all bills and receipts

Honest mistakes and intentional deception

Honest mistakes

You or the policyholder may make an honest mistake when facts are shared with us. When we learn of the mistake, we may make a fair change in **premium** contribution or in your coverage. If we do, we will tell you what the mistake was. We won't make a change if the mistake happened more than 2 years before we learned of it.

Intentional deception

If we learn that you defrauded us or you intentionally misrepresented material facts, we can take actions that can have serious consequences for your coverage. These serious consequences include, but are not limited to:

- Loss of coverage, starting at some time in the past. If we paid claims for your past coverage, we will want the money back.
- Loss of coverage going forward.
- Denial of benefits.
- Recovery of amounts we already paid.

We also may report fraud to criminal authorities.

Some other money issues

Assignment of benefits

When you see a **provider** they will usually bill us directly. We may choose to pay you or to pay the **provider** directly. Unless we have agreed to do so and to the extent allowed by law, we will not accept an assignment to a **provider** under this **group policy**. This may include:

- The benefits due
- The right to receive payments
- Any claim you make for damages resulting from a breach, or alleged breach, of the terms of this **group policy**

To request assignment you must complete an assignment form. The assignment form is available from the policyholder. The completed form must be sent to us for consent.

Recovery of overpayments

We sometimes pay too much for **eligible dental services** or pay for something that this plan doesn't cover. If we do, we can require the person we paid – you or your **provider** – to return what we paid. If we don't do that we have the right to reduce any future benefit payments by the amount we paid by mistake.

Premium contribution

This plan requires the policyholder to make **premium** contribution payments. If payments are made through a payroll deduction with the policyholder, the policyholder will forward your payment to us. We will not pay benefits under this booklet-certificate if **premium** contributions are not made. Any benefit payment denial is subject to our appeals procedure. See the *When you disagree - claim decisions and appeals procedures* section.

Payment of premiums

The first **premium** payment for this policy is due on or before your **effective date of coverage**. Your next **premium** payment will be due the 1st of each month ("**premium due date**"). Each **premium** payment is to be paid to us on or before the **premium due date**.

Your dental information

We will protect your dental information. We will only use or share it with others as needed for your care and treatment. We will also use and share it to help us process your **providers'** claims and manage your plan.

You can get a free copy of our Notice of Privacy Practices. Just call us. When you accept coverage under this plan, you agree to let your **providers** share your information with us. We will need information about your physical and mental condition and care.

Effect of prior plan coverage

If you are in a continuation period from a prior plan at the time you join this plan you may not receive the full benefit paid under this plan. Your current and prior plan must be offered through the same policyholder.

This is the most this plan will pay for **eligible dental services** incurred by a covered person during their lifetime.

Medically necessary/medical necessity

Dental care services that we determine a **provider** using sensible clinical judgment would provide to a patient for the purpose of preventing, evaluating, diagnosing or treating an **illness, injury**, disease or its symptoms, and that we determine are:

- In accordance with generally accepted standards of dental practice
- Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's **illness, injury** or disease
- Not primarily for the convenience of the patient, **dentist**, or other health care **provider**
- Not more costly than an alternative service or sequence of services at least as likely to produce the same benefit or diagnostic results as to the diagnosis or treatment of that patient's **illness, injury** or disease

Generally accepted standards of dental practice means standards based on credible scientific evidence published in peer-reviewed dental literature and is:

- Generally recognized by the relevant dental community
- Consistent with the standards set forth in policy issues involving clinical judgment

Physician

A skilled **health professional** trained and licensed to practice medicine under the laws of the state where they practice, specifically, doctors of medicine or osteopathy.

Premium

The amount you or the policyholder are required to pay to **Aetna** to continue coverage.

Provider

A **dentist**, or other entity or person licensed, or certified under applicable state and federal law to provide dental care services to you.

Recognized charge

The amount of a **provider's** charge that is eligible for coverage. You are responsible for all amounts above what is eligible for coverage. The **recognized charge** may be less than the **provider's** full charge.

The **recognized charge** depends upon the geographic area where you receive the **eligible dental service**. The table below shows the method for calculating the **recognized charge** for specific services or supplies:

Service or supply	Recognized charge
Eligible dental expenses	90% of the prevailing charge rate
Important note: If the provider bills less than the amount calculated using the method above, the recognized charge is what the provider bills.	

Recognized charge does not apply to involuntary services.

In the Dental out-of-network savings program, your cost may be lower when you get care from a Dental out-of-network savings program **provider**. Dental out-of-network savings program **providers** and third party vendors have contracts with us. When you get care from a Dental out-of-network savings program **provider**, the **recognized charge** is the contracted charge and your cost sharing applies. If the **provider** bills less than the contracted charge, the **recognized charge** is what the **provider** bills.

Special terms used:

- Geographic area is normally based on the first three digits of the U.S. Postal Service zip codes. If we determine we need more data for a particular service or supply, we may base rates on a wider geographic area such as an entire state.
- Involuntary services are **eligible dental services** that are **dental emergency services**.
- Prevailing charge rate is the percentile value reported in a database prepared by FAIR Health, a nonprofit company. FAIR Health changes these rates periodically. We update our systems with these changes within 180 days after receiving them from FAIR Health. If the FAIR Health database becomes unavailable, we have the right to substitute a different database that we believe is comparable.

Get the most value out of your benefits:

We have online tools to help you decide the type of care to get and where. Our self-service website offers tools to help you determine the cost of **eligible dental services**. See the *How to contact us for help* section for the website.

Teledentistry

A consultation between you and a **dental provider** who is performing a clinical dental service.

Services can be provided by:

- Two-way audiovisual teleconferencing
- Any other method permitted by state law

Temporomandibular joint dysfunction/disorder (TMJ)

This is:

- A **TMJ** or any similar disorder of the jaw joint
- A myofascial pain dysfunction (MPD) of the jaw
- Any similar disorder in the relationship between the jaw joint and the related muscles and nerves

Discount programs

We can offer you discounts on health care related goods or services. Sometimes, other companies provide these discounted goods and services. These companies are called “third party service providers”. These third party service providers may pay us so that they can offer you their services.

Third party service providers are independent contractors. The third party service provider is responsible for the goods or services they deliver. We have the right to change or end the arrangements at any time.

These discount arrangements are not insurance. We don't pay the third party service providers for the services they offer. You are responsible for paying for the discounted goods or services.

Wellness and other rewards

You may be eligible to earn rewards for completing certain activities that improve your health, coverage and experience with us. We may encourage you to access certain dental services or categories of **dental providers**, participate in programs, including but not limited to financial wellness programs, utilize tools, improve your health metrics or continue participation as an **Aetna** member through incentives. We may provide incentives based on your participation and outcomes such as:

- Modifications to **deductible** or **coinsurance** amounts
- Merchandise
- Coupons
- Gift or debit cards
- Any combination of the above

ERISA Rights

As a participant in the group insurance plan you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974. ERISA provides that all plan participants shall be entitled to:

Receive Information about Your Plan and Benefits

Examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites and union halls, all documents governing the Plan, including insurance contracts, collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) that is filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the Plan, including insurance contracts, collective bargaining agreements, and copies of the latest annual report (Form 5500 Series), and an updated Summary Plan Description. The Administrator may make a reasonable charge for the copies.

Receive a summary of the Plan's annual financial report. The Plan Administrator is required by law to furnish each participant with a copy of this summary annual report.

Receive a copy of the procedures used by the Plan for determining a qualified domestic relations order (QDRO) or a qualified medical child support order (QMCSO).

Continue Group Health Plan Coverage

Continue health care coverage for yourself, your spouse, or your dependents if there is a loss of coverage under the Plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review this summary plan description and the documents governing the Plan for the rules governing your COBRA continuation coverage rights.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in your interest and that of other plan participants and beneficiaries. No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA there are steps you can take to enforce the above rights. For instance, if you request materials from the Plan and do not receive them within 30 days you may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay up to \$ 110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Administrator.

If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. In addition, if you disagree with the Plan's decision or lack thereof concerning the status of a domestic relations order or a medical child support order, you may file suit in a federal court.

If it should happen that plan fiduciaries misuse the Plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Assistance with Your Questions

If you have any questions about your Plan, you should contact the Plan Administrator.

Continuation of Coverage During an Approved Leave of Absence Granted to Comply With Federal Law

This continuation of coverage section applies only for the period of any approved family or medical leave (approved FMLA leave) required by Family and Medical Leave Act of 1993 (FMLA). If your Employer grants you an approved FMLA leave for a period in excess of the period required by FMLA, any continuation of coverage during that excess period will be subject to prior written agreement between Aetna and your Employer.

If your Employer grants you an approved FMLA leave in accordance with FMLA, you may, during the continuance of such approved FMLA leave, continue Health Expense Benefits for you and your eligible dependents.

At the time you request the leave, you must agree to make any contributions required by your Employer to continue coverage. Your Employer must continue to make premium payments.

If Health Expense Benefits has reduction rules applicable by reason of age or retirement, Health Expense Benefits will be subject to such rules while you are on FMLA leave.

Coverage will not be continued beyond the first to occur of:

- The date you are required to make any contribution and you fail to do so.
- The date your Employer determines your approved FMLA leave is terminated.
- The date the coverage involved discontinues as to your eligible class. However, coverage for health expenses may be available to you under another plan sponsored by your Employer.

Any coverage being continued for a dependent will not be continued beyond the date it would otherwise terminate.

If Health Expense Benefits terminate because your approved FMLA leave is deemed terminated by your Employer, you may, on the date of such termination, be eligible for Continuation Under Federal Law on the same terms as though your employment terminated, other than for gross misconduct, on such date. If the group contract provides any other continuation of coverage (for example, upon termination of employment, death, divorce or ceasing to be a defined dependent), you (or your eligible dependents) may be eligible for such continuation on the date your Employer determines your approved FMLA leave is terminated or the date of the event for which the continuation is available.

If you acquire a new dependent while your coverage is continued during an approved FMLA leave, the dependent will be eligible for the continued coverage on the same terms as would be applicable if you were actively at work, not on an approved FMLA leave.

If you return to work for your Employer following the date your Employer determines the approved FMLA leave is terminated, your coverage under the group contract will be in force as though you had continued in active employment rather than going on an approved FMLA leave provided you make request for such coverage within 31 days of the date your Employer determines the approved FMLA leave to be terminated. If you do not make such request within 31 days, coverage will again be effective under the group contract only if and when Aetna gives its written consent.

If any coverage being continued terminates because your Employer determines the approved FMLA leave is terminated, any Conversion Privilege will be available on the same terms as though your employment had terminated on the date your Employer determines the approved FMLA leave is terminated.
